## BUGBEAR OF LEAGUE IS REMOVED BY WILSON'S ACCEPTANCE

## MILITIA ORDERS CITY TO CLEAN UP

Civil Authorities Are Told To Clean Up Williamson Without Delay

Police Arrest Seven Women As Start in Crusade Ordered

(By Associated Press)

Williamson, W. Va., December 1.—Col. Herman Hall, commanding the battalion of Federal troops called here for duty in the Mingo County coal strike today served notice on civil authorities in Williamson alleged immoral conditions in the city must be abated and the streets cleaned.

Failure to comply with this request, he said, would result in the military taking the work in hands.

In an effort to clean up the town the police last night arrested seven women.

Colonel Hall's action brings home direct to the civil authorities what may be expected under military occupation, they said. O. W. Porter, Mayor of Williamson, is ill in a Cincinnati hospital and in his absence the police force has been almost powerless to act, it was said.

## TROOPS REVOLT LOOT CITY AND APPLY TORCH

(By Associated Press)

Shanghai, China, December 1.—Messages received by business houses here today report the troops in I-Chang a treaty port of Hu-Weh province had mutinied, seized and set fire to the city, and are looting it.

## BAKER REFUSES ALL DISCUSSION OF WOOD RUMOR

General Wood Said to be Possible Choice to Head The Armenians

Reported Action of League Not Confirmed

(By Associated Press)

Washington, December 1.—Secretary Baker refused today to discuss Geneva dispatches stating that Major General Leonard A. Wood had been mentioned as a possible selection by the League of Nations Armenian committee to lead the proposed campaign of the Armenians against Mustapha Kemal Pasha, the Turkish Nationalist leader.

"It would be plainly improper for me to make any comment until I have received official confirmation of the press dispatches," the Secretary said.

Deep Satisfaction is Expressed By President Assuming Post Of Armenian Mediator

Most Favorable Impression Is Made by Action of Wilson

Committee Votes to Admit Austria to League of Nations

Spain and Brazil Also Offer Assistance

(By Associated Press)

Geneva, Switzerland, December 1.—A letter to President Wilson accepting his offer to act as mediator in Armenia was being drafted by the Council of the League of Nations here today.

Mr. Wilson's note, which was received this morning, was read to members of the Council at 10:30 o'clock and was received with marks of liveliest satisfaction.

Austria was unanimously voted a member of the League of Nations by the Commission for the Admission of New States here today. It is expected the Assembly of the League will ratify this action.

President Wilson's acceptance in the Armenian situation created a great impression when it was announced. "Poor old Europe will feel less abandoned," was a remark made by a member of the French delegation while discussing the matter.

The news gave the Assembly great relief, as the Armenian question had become the bugbear of the Assembly.

"President Wilson's action is a big step toward a solution of one of the most serious problems before the Assembly," was the way Lord Robert Cecil characterized the American President's acceptance.

The reply to the American president, it was stated, expresses deep appreciation of his acceptance. The Allied high commissioners at Constantinople, it says, are being consulted as to the best way for Mr. Wilson to proceed.

The Council, it is added, believes there will be no great difficulty about the President's mediators conferring with Mustapha Kemal Pasha, the Turkish Nationalist leader, who has been making war upon the Armenians.

The offer of Spain and Brazil to join in the mediation came during the session today of the Council. That body left it to President Wilson to decide if he desired this co-operation.

## GENERAL WOOD REMAINS SILENT OVER REPORTS

Has Only Press Dispatches Regarding Armenian Post

(By Associated Press)

Chicago, December 1.—Major General Leonard Wood, commander of the Sixth Army Corps, declined today to comment on press dispatches reporting he is being considered by the League of Nations for high commission in Armenia.

"I have nothing to say at this time. I have no information on the subject beyond the press dispatches I have received," said General Wood.

## EX-EMPRESS OF GERMANY SERIOUSLY ILL

Augusta Victoria, ex-empress of Germany.

According to dispatches from Doorn, Holland, where ex-Kaiser Wilhelm and the ex-empress are in exile, the former empress of the German empire is seriously ill and little hope is held for her recovery. Her five sons and daughter are visiting her one at a time so that the visits will not excite her. The ex-empress, Augusta Victoria, has been in poor health for many years, being forced to forego court social functions as far back as 1912. Regret and grief over the fate of Germany in the World War and the loss of millions of her countrymen in the conflict have weighed heavily. The crowning blow was the forced flight of her husband—beaten and in disrepute in his own land—to the sheltering countryside of Holland. It was just two years ago this month that the former German war arrived in Holland.

## BIG STEEL MEN INDICTED FOR TAX DODGING

Alleged to Have Escaped Taxes Reaching Into Millions

Conspiracy With Intent to Defraud is Charged

(By Associated Press)

Pittsburg, December 1.—A Federal grand jury here today returned indictments against Herbert Dupuy, former president and chairman of the board of directors of the Crucible Steel Company of America, and Geo. A. Turville, former vice president and secretary-treasurer, charging them with conspiracy to defraud the United States Government out of income and excess profits taxes said to amount to several million dollars.

## CUT MILK PRICE

(By Associated Press)  
Canton, Ohio, December 1.—The retail price of milk in Canton will be cut one cent beginning Wednesday. The new price will be fourteen cents a quart. The price of cream also will be reduced two cents. It is now 20 cents a half pint.

## ALABAMA CITY HAS GREAT FIRE

(By Associated Press)  
Jasper, Alabama, December 1.—Fire early today originating in the Crawford Mercantile Co., destroyed 20 business houses and ten residences before it was brought under control. Early estimates place the loss above \$500,000.

## BAKERS GIVING SHORT WEIGHT IN COLUMBUS

Such is Claim of Housewives Who Call Sealer Into Case

Find Loaves One to Two And One-half Ounces Under Weight

(By Associated Press)

Columbus, O., December 1.—The Columbus housewives conducting a campaign to force down the price of bread, scoured the city buying up loaves today, obtained 26 and took them to the city sealer of weights and measures.

With exception of the one-pound loaf of one bakery every one proved from one to two and one-half ounces under weight, it was said.

The association bought the bread upon the observation of one baker that if prices went down so would the size of the loaves.

## FRENCH HAPPY OVER WILSON'S ARMENIAN STAND

Think Intervention Will Have Good Effect Toward Pacification

(By Associated Press)

Paris, December 1.—President Wilson's acceptance of the Armenian mediation role is considered by the French foreign office as a happy development and foreign office officials declared today they were much gratified. It is hoped his intervention will have a good effect toward pacification of that region.

## RAILWAY STOCKS CAUGHT IN DROP

Intensive Selling Again Witnessed in Many Speculative Stocks

Liberty Issues Also Hit Toboggan Due to Heavy Sales

(By Associated Press)

New York, December 1.—Liquidation in the stock market was further reduced, intensive selling being again witnessed in the various speculative issues during the morning.

At midday when it became known the Southern Pacific would soon announce its plan providing for the separation of its oil properties, the entire railway list became unsettled.

Southern Pacific lost three points and other of the same class fell one to three points. Unsettlement was shown by the bond market, reversals in Liberty issues pointing to enforced selling by holders to meet pressing needs.

In banking circles it was intimated speculative interests had been cautioned to reduce further.

The money market was a true firm.

## TWO ARE KILLED WHEN DRINKER USES REVOLVER

Barkeeper Refuses to Sell Whisky Said to be Cause.

(By Associated Press)

Passaic, N. J., December 1.—Two men were shot dead and one seriously wounded in a saloon here early today after the barkeeper had served near beer to a patron who asked for whisky.

Frank Makowsky, who was shot in the neck, told the police that fifteen minutes after he had refused to give whisky to a man he knew only as "Steve," giving near beer instead, the man returned with a revolver and opened fire. Later the police arrested Stephen Paduch.

## ATTORNEY SAYS QUEST NARROWS TO ONE DISTRICT

Woman Wanted For Killing Jake Hamon is Being Sought

(By Associated Press)

Ardmore, Okla., December 1.—The quest for Clara Smith, wanted here in connection with the death last Friday of Jacob L. Hammon, Republican National Committeeman, has narrowed to a fairly well defined district in the southwest, Russell R. Brown, county attorney, announced today.

Mr. Brown said he had been following a "hot trail" when he left here suddenly Monday morning for an unknown destination.

## GOVERNOR ASKS MARTIAL LAW IN STRIKE ZONE

Gov. John J. Cornwall.

Governor Cornwall of West Virginia has asked President Wilson to declare martial law in Mingo county, W. Va., where strike disorders have grown serious again. Several thousand coal miners have resisted all requests to return to the mines since the general strike and several miners and one or two troopers have been killed to date.

## ROUGH WEATHER ENCOUNTERED BY HARDING PARTY

Some Members Seasick During Heavy Seas Caused by Storm

Mrs. Harding Among Those Confined to Stateroom

(By Associated Press)

On Board Steamship Pastores, Wireless to The Associated Press, December 1.—More rough weather greeted Senator Harding and his vacation party today as the Pastores continued the homeward journey, featured yesterday by a brief stop at Jamaica.

Soon after the steamer left Port Antonio harbor last night, she ran into a storm. Although not of dangerous intensity it made travel unpleasant for most of those on board.

Mrs. Harding again today was one of those who remained in their staterooms, although she said she was feeling much better after the short stop ashore yesterday. Senator Harding proved himself the better sailor, keeping on deck the most of the day.

## WOULD STOP ALL IMMIGRATION AT PRESENT TIME

Action Held Necessary by Senator King to Halt Radicals

(By Associated Press)

Washington, December 1.—Complete stoppage of immigration for a period of six months while Congress is drafting a general law to cover the whole immigration question is proposed in a bill which Senator King of Utah, a Democratic member of the Immigration Committee, is preparing for introduction soon after Congress meets.

Senator King said today the admission to this country must be made more difficult to prohibit many of the people from foreign countries who are inoculated with "red" tendencies from entering the United States.

## BREAKS WITH THE GREEKS LOOM UP

Return of Constantine May Result in Friendly Relations Being Severed by Allies

Treaty Also Endangered is The Official View in England

(By Associated Press)

London, December 1.—The British view with regard to the return of former King Constantine of Greece to Athens as expressed by officials here today is that the allies cannot prohibit his return if the Greek people insist upon it.

If the Greeks, however, bring back to power the man whom the allies regard as having been hostile and treacherous to Greek and allied interests during the war, it was added, they will thereby make it extremely difficult if not impossible for the allies to maintain friendly relations with Greece.

Great Britain takes the view that the recall of Constantine will not only impair its relations with Greece and the allies but also would endanger the treaty of Sevres.

## THINK MILITARY INTERVENTION ALONE THE CURE

Turk Nationalists and Soviets Making War on Armenia

(By Associated Press)

Paris, December 1.—Skepticism is expressed at the foreign office that any mediation by President Wilson in the Armenian situation other than of a military nature would be beneficial.

It was pointed out that the situation is complicated because the Armenian Republic formed partly from old Russia and partly from Turkey is now being attacked by the Russian Soviets and Turkish Nationalists, so that mediation with the Turks alone would not clear the situation.

## FIRE IN FILM STUDIO CAUSES \$25,000 LOSS

(By Associated Press)  
New York, December 1.—Times Square, the heart of the great white way, was thrown into confusion at one o'clock today when a film room fire broke out in the quarters of a motion picture concern in the Long-acre building.

Many extra pieces of fire apparatus was summoned to check the flames' spread.

A studio room with contents valued at \$25,000 was destroyed before the fire was brought under control.

## DOUBLE BARREL RIFLE OVER 100 YEARS OLD SHOWN

*Weights Eighteen Pounds And Is Equipped With Separate Sights.*

*Still Accompanied By Powder Horn, Shot Bag and Molder.*

A double barrel rifle, said to be 165 years old is in the window of the F. E. Palmer Store on North Fayette street.

Mr. Palmer purchased the rifle from the Maxwell family near Eber and several stories regarding its history are current but none can be vouched for authoritatively. Its previous owners claim it to be over a century old and its construction and make bear out this statement.

It is a ponderous weapon with the two long barrels set on a curly maple stock of the graceful design of the early days. To a casual observer it resembles a shotgun because of the calibre ball which it uses. It is a "muzzle loader" and the size of the bore compares with the modern .44 of today.

The curly maple stock has been carved out by hand and over the butt is a copper plate carefully fitted to the wood.

Strangest of all is that it has two sights, a separate one for each barrel. Each barrel is distinctly separate, either one might be taken off and the gun could still be used.

Few modern day hunters would care to trudge through the brush with a gun of this kind. It weighs eighteen pounds and requires a steady and strong arm to bring it to the shoulder.

In alignment with the eye. Tradition says that because there are two sights the hunter shot once from his right shoulder and then changed it to the left to get a "lead" on his target in firing the other barrel.

The equipment of the gun is still complete. Both powder horn and the shot bag are in Mr. Palmer's possession.

Proud might have been the steer to bear the horn from which the powder container was made. It is extra long and of stocky dimensions. One end has been corked up with a plug which still bears the marks of the maker's knife. The other end has a smaller plug which was removed and the powder sifted out.

The shot bag is evidently hand made from the "home tanned" leather. It is large enough to carry a gallon of shot and has a stout strap which was slung over the shoulder.

In the bag is found the hand mould, or with which the bullets were formed from the ladle.

## TWO MEN INJURED AT SOUTH SOLON FILE BIG SUITS

C. T. Ewry and C. T. Ewry, as guardian for his son, Fred E. Ewry have filed in the Greene county common pleas court against the D. T. & H. Ry. suit for damages amounting to \$54,979.40, which it is alleged, they received October 29 when struck by a passenger train at South Solon.

In C. T. Ewry's petition he claims that the railroad company was "negligent in not providing adequate or sufficient warning of the approach of said train; in operating said train at an excessive and dangerous rate of speed; in failing to provide said crossing with a watchman, gates, signal bell or any device to warn approaching travellers." He also charges that the approach to the tracks on the principal street of the village is built up on each side by houses and buildings so that it is impossible to see an approaching train until within twenty feet of the tracks.

## NEW LUMBER YARD WILL BE OPENED

A new lumber yard is to be opened in this city within the next few days, by G. D. Baker and Company, who have been engaged in the hardwood lumber business in this city for years.

The new yard will contain soft lumber with yellow pine a specialty, and the firm now has fourteen car loads of this lumber in transit.

The yards will be located immediately north of the B. & O. tracks on the east side of Main street, or directly north of the Parker & Wood plant.

During the last eight months the firm has done a hardwood lumber business aggregating \$450,000 or more.

**JIMMIE MILLER'S**

While the candles blazed upon the altars above the casket the High Solemn Requiem Mass was conducted with marked impressiveness by Rev. Father Fogarty, of St. Colmans, Celebrant, assisted by Rev. Father Ertel, of Wilmington, Deacon and Rev. E. Casey, of South Charleston Sub-Deacon.

The Mass was beautifully sung by Misses Elizabeth and Laura Smith, Mary Shannon and Alice Boylan, with Miss Margaret Clark organist. The hymns "Lead Kindly Light" and "Jesus, Sweet Jesus" were also sung.

Father Fogarty closed his sermon with a fervent tribute to Dr. Marchant as the physician—a man who took the sorrows and troubles of his patients to himself and in his tenderness, kindness sympathy carried sunshine into the sick room. Sincere, honest and scrupulous exact in his care of patients he sacrificed himself and, when so ill that he jeopardized his own health, ministered to them fulfilling his vocation, one high in the sight of the almighty God.

Father Fogarty spoke most sympathetically of Dr. Marchant's death so far from home, and the peace of his passing as a reward for the fraternal charity of his life, always holding out the helping hand. He also offered all possible comfort to the bereaved family and spoke of Dr. Marchant's uprightness and sincerity in his church relations and of the keen sense of personal loss entailed in his death.

At the close of the services a long line of friends said farewell as they passed the open casket in the vestibule.

A lengthy funeral cortege wended its way to the Milledgeville-Plymouth cemetery for the interment in Marchant family lot. The pall-bearers were all members of the Fayette County Medical Association, with the exception of Dr. McLellan, of Xenia. The other physicians were Drs. G. W. Blakeley, D. H. Rowe, R. M. Hughey, Roy Brown and F. E. Wilson, of Jeffersonville.

The floral remembrances were wonderfully beautiful among them an elaborate design from Fayette County physicians.

Mrs. Marchant, daughter, Miss Iris, and sister Miss Violet Chitty, accompanied all that was mortal from Florida and will necessarily return South in a few days.

## COX ENDORSES SALE OF SEALS

In a statement issued at Columbus Monday Governor James M. Cox endorsed the sale of Christmas seals as a means of inter-

esting the public in health work. The statement reads:

"In combatting disease and promoting good health among the citizens of Ohio, it is highly important that the public interest in health matter be kept alive and that the public and the state work along the same lines.

"Notable improvement has been made in the officials' health machinery of the state in the past year. It is encouraging to note a very marked reduction in the death rates from certain preventable diseases. The number of deaths from tuberculosis for 1919 was 550—the lowest on record.

"Progress that has been made in the battle against this disease is no doubt due in a large measure to the increased interest which the public has manifested and the continuous warfare waged against the white plague by state and voluntary health agencies.

"The sale of Christmas seals each year helps to finance the voluntary agencies engaged in this fight and to align the public back of the Christmas seal sale beginning December 1 has my cordial endorsement."

## POULTRY PAYS BIG DIVIDENDS

## BUY TIRES AT COST

Under our new co-operative plan you can buy your tires at cost. Some saving, we'll say, in a year's time. Have you figured?

All contracts made this month are dated for January 1st, 1921, and will expire January 1st, 1922, thus you get one month gratis by making application NOW. Let us show you the agreement. Telephone us and we will call if you are unable to come in.

Just a few cents a day pays for the privileges of a virtual owner of the business. The price of a good cigar a day makes possible the advantages outlined under this new-day garage service. You are running no risk whatever in coming in—the risk is all ours and the advantages yours when you are a member. We've been here long enough for you to know us. We're offering you just what you've been looking for—lower operating cost of your car, truck or tractor.

We're going to repeat what we've said two or three times—you only have to take a pencil and paper and do a little figuring to arrive at the conclusion that this plan was meant for you. Think it over impartially and we'll get your application: \$20.00 for Fords and Chevrolets; \$25.00 for larger cars.

## GARAGE MYSTERIES NOW SOLVED

Come right in and see what the service costs, see what your new parts will cost, and see what the labor of the mechanics on the job will cost—and then pay for it AT COST. That puts a pin in the mysterious bubble of closed-door business methods. That makes an end to over-charges and delays and questionable charges for trivial jobs.

## BUY OILS AT COST

And all your oils, greases and gasoline at cost under our new method of doing business. Some extra miles on your saving isn't it.

## BUY REPAIRS AT COST

Just suppose you had a bad smash-up some day. On a repair bill like that your saving would be worth while, buying repairs at cost.

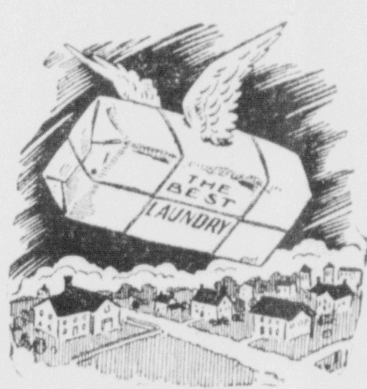

Nobody wants to have a smash-up, of course, and they are always meant for the other fellow, but listen; nobody knows just when he will have one. A broken steering gear may put your car in the ditch; that means expense. But under our new plan everything would be fixed up AT COST, even to the pull-in. So, not knowing just when an accident may happen, why not be in readiness should it come tomorrow. Your application today fixes the thing for twelve months from January 1st.

## BUY SERVICE AT COST

Broke down or out of fuel miles from home—pull-in service at cost. That's quite an item too, we should say. Have you considered it?

## DENTISTS HEAR DR. CAMPBELL

Columbus, O., December 1.—"Always keep the patient in good humor, and remember nothing a patient does can be wrong," declared Dr. Dayton D. Campbell, Kansas City dentist, addressing the Ohio State Dental Association's session at the Elks' Club last night.

The Kansas City dentist stressed the importance of practical psychology in dental treatments in the course of a talk on "Plate Making." Careful attention to detail is necessary in order that this operation in dentistry be successful, he said.

Dr. H. E. Friesell, Pittsburg, presi-

dent of the National Dentists' Association, also addressed last night's session.

Dr. C. H. Schott, Cincinnati, is the president-elect of the association, having been chosen at yesterday afternoon's session. He will take office at next year's convention. Dr. H. C. Brown, Columbus, was chosen a three-year member of the board of directors and Dr. E. L. Pettibone, Cleveland, elected vice president.

## Opposition Growing

The press of the United States is rapidly lining up in opposition to the proposal of Mr. Washington D. Vanderlip, that this nation recognize Soviet Russia and establish trade relations with the red regime of Lenin and Trotsky.

Mr. Vanderlip is so dazzled by the offer, from the Bolshevik leaders, of a billion dollar trade contract and the immense profit it assures if it can be put through, for him and his associates that he either fails to see or refuses to acknowledge known facts.

It is to be hoped, he states, that the next session of Congress will act promptly in recognizing Soviet Russia. Such action seems, in view of the known facts and conditions, unthinkable.

If one-tenth part of seemingly authentic reports coming out of Russia during the last two years can be believed, this nation would be taking suicidal action if it followed Mr. Vanderlip's request.

The trouble with Mr. Vanderlip is that he is measuring everything by the standard of money and waging the perpetuity of the government and the safety of the people, the security of business and property rights of millions and all our sacred constitutional guarantees of liberty established by years of upright and lawful national and individual living, in enduring form, against the chance of a few to make enormous profits.

There are other things in this world beside money and beside trade contracts offering big profits.

Congress cannot, justly, recognize any government in Russia until the Russian people have themselves set up and established a dependable honorable government which recognizes the moral obligations of contracts and treaties. It cannot, in justice to humanity, deal with the red radicals whose leadership has drenched Russia in blood, reduced the people to starvation, walked hand in hand with crime of the most violent and debasing type whose deluded disciples are preaching in every land the overthrow of society and secretly and openly plotting against all institutions of government, even to please Mr. Vanderlip and his associates and to start a stream of golden rubles flowing into their coffers.

## Making Prohibition a Fact

Federal and state authorities as well as local officials in many sections of the United States, have speeded up very noticeably in their efforts to make the prohibition provisions of the constitution effective.

With the manufacture of intoxicating liquor for beverage purposes forbidden the problem of enforcing prohibition should become less difficult with the passage of time. Every month must result in the depletion of the stock on hand at the time the eighteenth amendment was adopted and as the stock of intoxicating liquors diminishes the work of keeping tab can be carried on with better results.

Few people, we venture, thought that there would be anything else to do after the prohibition amendment was adopted. They erroneously concluded that it would enforce itself, hence the present conditions have been a surprise to them.

## Contract Obligations

Once again we are hearing a great deal of preaching about the sanctity of contractual obligations and the duty of all good citizens to live up to their contracts.

At this time, however, the insistence on contract observance is being urged by those who inaugurated the destructive era of contract breaking. The middlemen are now objecting to the cancellation of orders. Cancellation of orders forces them to take a loss and save the small dealer.

Not so many months ago the middlemen "welched" on their contracts when prices were going up and the retailer was compelled to stand the loss.

Now they want the retailer to stand the loss by being "game" on a falling market. It is hard to do, but we suppose it is proper to advise the retailer to grin and bear it once more.

## POETRY FOR TODAY

### NOVEMBER PASSES

There is no sunlight on the hills to-day  
Low hung the mist and changeable  
the morning  
Between the wood; vague are the  
trees, and gray.  
Dim sentinels kissed by blown vapors  
are fleeing.  
Beneath the threat of the impending  
sky.  
Their fold close gathered and their  
quick wings thund'ring.  
Nor loathe to leave, the geese go honk-  
ing by.  
Straight in their course, nor falter-  
ing, nor blundering.

The river's mirth has ceased, its laugh-  
ter stilled.  
In melancholy now its pathway  
taking.  
Rolls ever on, forbidding mien and  
cold.  
Through barren fields so sweet and  
splendor filled  
But short days past, the anxious  
stream, forsaking  
A world grown gray and weedy, dull  
and old.

## PRESENT SCHEME FOR GOVERNMENT OF THE ARMENIANS

(By Associated Press)

Geneva, (By Mail).—The American delegates to the Phil-Armenian League have presented a memorandum to the congress of the Armenian league now in session here, proposing to the League of Nations Assembly a form of government and administration for Armenia. The American delegates to the Phil-Armenian gathering are Walter George Smith of Philadelphia, H. C. Jacquith of New York City and Dr. William W. Peet of Fall River, Mass.

The memorandum sets forth that "the greatest and most urgent need of Armenian people today is that of settled political institutions with security from aggression." As to sovereignty it says: "In our opinion the sovereignty of the Armenian race reposes in the people themselves inhabiting those political areas in which the Armenian race is dominant."

\*As to mandates over Armenia, the memorandum states: "We hold strongly to the view that the people of Armenia are capable of evolving and building up an independent administration which will ultimately possess the attributes and be able to discharge the functions of a well-ordered state, and we are therefore prepared to support by all means in its power any mandatory acceptable to the Armenian race, providing always that the terms of the mandates are such as will admit of the establishment in due time for a responsible government for Armenia holding those sovereign rights and possessing that international status which is implied in the recognition given in the recent treaty to the Armenian republic."

It is seldom that a man marries his ideal woman. He may find her, but only to discover that she also has her ideal.

## RANDOM NOTES

### SOCIAL : PERSONAL MENTION : CLUBS

Many friends of the attractive bride in this community will read with interest the following announcement card:

Mr. and Mrs. James Woodland announce marriage of their daughter Ellen Elizabeth

to  
Mr. Walter Levi Palmer  
on Thursday, the twentyfifth of Nov.  
nineteen hundred and twenty  
Cleveland

At Home  
After Decehmer teeth  
1827 Stanwood Road  
East Cleveland

This is an age of specialization—of trained intelligence.

In the civic department of the Ohio Federation of Women's Clubs there is a corps of efficiency experts. Mrs. Elmer Laurence, Cincinnati, civic committee chairman, picked the members of her committee because of their well known fitness for the various phases of the work assigned to them. Through the department of state federation publicity Mrs. Laurence sends message asking clubwomen to remember that each member of the civic committee has specialized in one thing in which the federation is interested, and she requests that the following list, with the subject in which the committee member has specialized, be clipped and kept for reference, as material in the preparation of papers will be forwarded upon application made to the heads of these civic departments:

Community centers, Mrs. Gillum Cromer, No. 1314 Main street, Dayton.  
Motion pictures, Miss Anita Bauman Goodyear Rubber company, Akron.  
Civic leagues, Miss Ada Wyrick, Bellaire.

Gardens, Mrs. Charles Spencer No. 69 Granville avenue, Newark.

Home and city beautifying, Mrs. J. J. Matthews, Greenville.

Better housing, Miss Eva Byers, Bellefontaine.

Cleanups, Mrs. George Ikirt, East Liverpool.

Something to Remember  
"As a lawyer cannot defend his client without knowledge of what that

client has done, as a doctor can not prescribe for his patient without knowing the patient's symptoms and pains," so the director of publicity of this department cannot give the service required unless "every one from the chief executive to the least important member of the smallest organization co-operates to the limit of his or her ability."

That, in part, was the advice of T. T. Frankenberg, Columbus, in his address at the press director's luncheon at the annual federated club convention, and it is used now to again emphasize the necessity for clubwomen to keep in mind the federation's press department, "if they appreciate the potency of the printed word."

"A post-nuptial dinner, honoring Mr. and Mrs. Albert F. Kyte, was given at the Red Circle club rooms, Saturday evening, by the office and sales force and the warehouse foreman of the Dahl-Campbell Co., of which Mr. Kyte is the genial and efficient manager.

Thirty-two were seated at one long table and several small ones and a delicious menu was served in several courses. The appointments of the tables and the decorations of huge yellow chrysanthemums blended with the colorings in the attractive new furnishings of the room.

After the dessert, Mr. and Mrs. Kyte were presented with a handsome silver tray and silver covered vegetable dish, a gift from the Dahl-Campbell employees at the local branch. Mr. Wm. M. Campbell of Washington, C. H., was a guest at the dinner." Scioto Gazette.

The Daughters of Hoyle entertained the Sons of Hoyle in delightful fashion Tuesday night and impressed anew their talents as original and skillful hostesses as well as placing a red lettered event in their social calendar.

The Sons were invited to present themselves at the home of Miss Ethel Powell at seven-thirty and after greetings were exchanged and boutiniers of yellow and bronze button chrysanthemums presented, the Daughters gave them a complete surprise by ushering them to autos and driving, shrouded in mystery to the South Charlestown dance. Programs had been filled out and the Sons were given every Leap Year attention. No plan could have met with greater approval and after a royal good time at the pavillion, the evening's pleasure was rounded out by a merry return trip and supper at the hospitable Powell home.

A delicious two course supper was served at card tables beautifully appointed with lovely crystal center baskets, filled with the bronze and yellow pom-pom chrysanthemums the handles tied with big yellow tulle bows.

Mr. and Mrs. Walter E. Hutton were up from Frankfort for the party, and Miss Lora Ellen Tharp, of Columbus was a guest.

The Browning Club held its weekly meeting Tuesday night, the President, Mrs. Julia H. Dahl conducted the opening business session. Mrs. O. K. Prohasco was re-instated as a member.

A most enjoyable program was presented by the Art Department, Miss Edith Gardner, Chairman. In opening Miss Portia Brownell played two pretty piano solos, "The Eagle" and "The Melody."

The club was indebted to Mrs. Haidee Van Winkle Coffman for a delightful word tour through Brussels, the special subject for the evening being "Brussels as an Art Center" and Mrs. Coffman's subject "The Wiertz Gallery."

In an easy conversational way, interspersing entertaining personal reminiscence Mrs. Coffman carried her listeners with her through the Wiertz Gallery, Brussels and over the field of Waterloo.

The Wiertz gallery is built like a Greek temple and the works of the "Mad Painter" show great talent although an abnormal brain. Wonderful command of lights and shadows is shown in his paintings and they are real almost beyond the power of the brush, but they depict the gruesome, the grotesque, the unusual—the outgrowth of a brain that conceived the horrible.

Owing to unusual circumstances Mrs. Coffman spent two weeks in Brussels and familiarized herself with its fine buildings and Art treasures to an unusual degree. Especially enjoyed was her description of the Palace of Justice, one of the most modern of Europe's magnificent buildings.

Mrs. Julia H. Kennedy, substituted for her paper a very interesting resume of a manuscript, entitled, "The Charm of the Netherlands," written by Mrs. Vonne, who resided for part of the past year in this city.

The writer spent twelve years in Europe, while her husband was in business there, and wrote of the Netherlands in a chatting, intimate way that was charming.

The war came on just as she was arranging to publish her manuscript. The evening closed with an enjoyable social hour and the serving of light refreshments.

The next meeting, in charge of the Household Economics Department, will be held in the Red Cross room and Miss Felkner, in charge of the Red Cross Home Nursing department will give a talk on and demonstrate "Home Hygiene."

Mrs. B.A. Schadel gave pleasurable entertainment to the Tuesday Kensington Club with a few favored guests at her attractive home on Ogden street.

Mrs. A. Clark Gossard who has been spending a couple of days at the home of her parents in Springfield, was a guest at a card party entertained by Mrs. Clement Jones at her home.

The annual sale of Tuberculosis Christmas seals as a means of interesting the public in health matters was endorsed by Governor James M. Cox in a statement issued Monday last. The governor's statement follows:

Washington C. H. will have its annual sale of Tuberculosis Christmas seals starting next Tuesday, December 7th. Four clubs—the D. A. B. Browning, Cecilia and Mothers' Club—will each take charge of the sales for one day in the various stores and banks and on Saturday the 11th the school children will sell. Everyone is expected to do his share in carrying on in the great fight against the white plague.

Mrs. M. S. Daugherty extended charming hospitality to the Thursday Euchre Club and a few additional guests Tuesday afternoon.

Chrysanthemums were artistically used in decoration and a particularly delicious collation following the game

Mrs. Ellis Daugherty and Mrs. Frank C. Parrett were motoring guests in Dayton Tuesday.

Mrs. George Worrel, Mrs. Ed Hunt and Miss Helen Bishop spent Tuesday in Columbus.

Mr. Howard Hagler and Mr. Jesse Harler left Tuesday night for Chicago to attend the International Fat Stock Show.

Mrs. B. F. Leland and daughter, Miss Esther, were visitors in Columbus Tuesday.

Mrs. Horatio Wilson had as her guests Tuesday Mrs. Jesse Moots and little daughter, Freda Louise.

Rayburn Cadwallader, from Wilmington College, is substituting for Miss Ethel Rayburn, teacher in the Commercial department of the city high school. Miss Rayburn is ill at her home in Wilmington.

Messrs. Albert Briggs and Selcor Fenner left Tuesday night for Chicago to attend the International Fat Stock Show.

Mrs. Earl McCoy spent Tuesday in Columbus.

Mrs. Walter E. Hutton, of Frankfort is spending a couple of days with her mother, Mrs. Alice Paul.

### MRS. R. D. MCCLURE CLAIMED BY DEATH

Saddening many friends in this community came word from Cincinnati of the death of Mrs. R. D. McClure, occurring at half past six o'clock Wednesday morning at the Good Samaritan hospital.

For some time Mrs. McClure has been in ill health, her condition becoming so serious that she was taken to Cincinnati several weeks ago to enter the hospital in the vain hope that an operation would lead to recovery. It was days before her condition permitted the operation, which at first gave promise of being successful. Dr. H. L. Stitt, a son-in-law, who had accompanied her to the hospital, was hurriedly summoned Tuesday night reaching her bedside some hours before her death. Mrs. Stitt was in the same hospital recovering from a grave operation, and Mrs. A. A. McGuire, of Pittsburg, a sister of Mrs. McClure had been with her since before the operation.

The circumstances attending Mrs. McClure's death are exceptionally sad, with her daughter still far from well and the death of Mrs. Roy McClure's mother on Tuesday morning previously enveloping the family in sorrow.

Undertaker Klever went to Cincinnati on the morning train Wednesday and will bring back the body on the evening train for removal to the home on South Main street.

Funeral announcements will be made later.

Mrs. McClure moved from Waverly to this city with her husband, the late R. D. McClure, and his daughter, Mrs. Margaret McClure Stitt, about twenty years ago. Mr. McClure going into the wholesale grocery business here and for a good part of these years the home was made in this city. Since Mrs. McClure's death last summer Mrs. McClure continued to reside in the home on S. Main street. Beyond all other interests her devotion was given to the home, her husband and the daughter and her family, but she was also one of the kindest of neighbors and friends and will be especially missed in the neighborhood of which she had been so long a part. She was a member of the First Presbyterian Church and of the Eastern Star.

Mrs. McClure was about sixty years of age and before her marriage was a Gower, living in Portsmouth.

### RECEIVES TELEGRAM OF LOCAL INTEREST

Roy S. Creamer, of Jeffersonville, local representative of the W. O. Coopers Company of Cleveland, selling Templar Motor stock, states that he received a telegram Wednesday in which his company states that Judge Cavine, of the Common Pleas Court of Cuyahoga county has handed down a decision of vital interest to local holders of Templar stock.

He dismissed the receivership case which Mr. Creamer characterizes as an act to depreciate the Templar Motor stock. Mr. Creamer also states that the judge threatened disbarment of the attorneys for the opposition.

### DEATHS

McELWAIN

Relatives and friends in this city received the sad word Wednesday of the death of Mrs. Samuel McElwain in Columbus. Mr. and Mrs. McElwain formerly resided at Sabina.

Funeral services will be held Thursday and burial will be made in Newark.

### MAN ARRESTED FOR THE THEFT OF HORSE HERE

Had Enlisted in Army and Stationed at Camp Sherman When Arrested.

Accomplice Now at Camp Awaiting Transportation To Federal Prison.

For the theft of a horse and buggy in this city, from John Hildebrandt, of Selden, last August, Joseph Merritt was taken into custody Tuesday afternoon at Camp Sherman, and is now in the Fayette County Jail awaiting action on a charge of grand larceny.

Merritt was captured after a long chase, and at the present time is a member of B Company, Second Infantry, stationed at Camp Sherman. When Deputy Sheriff A. C. Nelson appeared at camp with a warrant for Merritt he was turned over to the officer and brought to this city.

Another man wanted for the same offense, Joe Vance, also was located at Camp Sherman where he had enlisted under an assumed name. Vance was in the guardhouse awaiting transportation to Leavenworth prison on a charge of deserting from the army.

The two men are alleged to have stolen the horse and buggy from the rack on Main street, this city, and driven to London, where they attempted to sell the horse and where they made their escape by taking refuge in a large corn field when the officers approached to take them into custody. The outfit was returned to the owner.

Later Sheriff Hall heard of the fellows in West Virginia, and wired for their arrest. Merritt was placed under arrest and he and another man escaped from the lock-up and were not heard from until a few days ago when another tip was given the sheriff that Merritt and Vance were both stationed at Camp Sherman.

Merritt will be tried before Squire Craig.

### MOTORS ARE HERE ACTION DELAYED

Some three score motors for the first farm tractors of The American Tractor and Implement Company, have been stored in the factory plant formerly used for manufacturing furniture in this city, although other action has been delayed by unforeseen occurrences.

Within a few days Mr. Hubble expects to have a demonstration tractor on exhibition in this city, and it is believed that definite action toward beginning operations will then be started.

## Maximum of Power From Cold Motors

To get the maximum of power from a cold motor simply means the using of a fuel that fires easy and certain in all temperatures and under all conditions. It means using a fuel that vaporizes perfectly even in cold weather.

And to have this fuel you only have to keep a tank full of good old

## Liberty Gasoline

all the time! Liberty burns freely and delivers an abundance of power under all conditions. Liberty is a pure straight run gasoline of superior refining. You'll say it's good too after using it awhile.

# CHILLICOTHE RATE HEARING

(By Associated Press)  
Columbus, O., December 1. — The State Public Utilities Commission today announced that hearings in a suit to prevent the Chillicothe Electric Railway, Light and Power Company from boosting domestic power and current rates approximately 50 percent would be resumed December 23 unless opposing factions can compromise in the meantime.

The hearing started yesterday afternoon. Few arguments were presented, however, when commissioners urged both sides to get together.

# ASKS DAMAGES IN SUM OF \$1500

Charging that the defendant, through negligence and while driving at greater speed than reasonable, struck him with his automobile and caused him serious injury, Henry D. Calhoun has filed action in common pleas court against William Suthers asking \$1500 damages.

The mishap is alleged to have occurred August 10, 1920, while plaintiff was walking across Main street at or near Court street.

Rankin & Rankin represent plaintiff.

# ROAD IS CLOSED

The Chillicothe pike will be closed south of this city from Thursday midnight until Friday morning while the covered bridge over Paint creek is being repaired. All persons intending to use the road in the interval must detour.

# GOES TO DOCTOR WITH MANY SHOT IN HIS RIGHT HIP

Victim Claims Gun Standing Behind Door of Neighbor's House Was Discharged.

With about fifty shot in his right hip Roy Monroe, colored, was taken to a doctor's office about four o'clock Tuesday afternoon.

He said he had received the full discharge of a shot gun at the Scott home on Fourth Street in going out the front door when the weapon was accidentally discharged in falling to the floor from behind the door.

It was asserted that the gun was standing behind the door and caught

its trigger in falling when he attempted to pass out.

The doctor who attended the wound man said that the injury was not extremely serious and that Monroe was able to walk to his office Wednesday morning.

Monroe is about 25 years old and lives with his mother in Sunnyside.

How the load from the gun was prevented from tearing a great hole in his hip as result of being such close range, was not explained.

# SPECIAL SERVICES AT MILLEGEVILLE

The special series of meetings, which have been under way in the M. P. Church at Millegeville the past two or three weeks are continuing with marked success under the direction of Rev. Floyd Gale.

Last week the services added eight converts to the church and so far this week fourteen more have been added, with prospects of continued success during the remainder of the week.

# NOVEMBER BANNER MARRIAGE MONTH

Dan Cupid evidently is recovering from shell shock he received during the war.

During the month of November 25 marriage licenses were issued at the court house.

This was the greatest number of permits issued in any one month since November, 1918, and the lower cost of living is believed to have been a contributing factor to the large number of weddings.

# HAVE NO WORD CONCERNING BOYS

So far no additional information has been received in this city about the two boys who boarded the B. & O. at East Monroe recently and were later taken in charge at Cincinnati where, it is claimed, it was found that they carried several thousand dollars in currency.

Where the boys obtained the money, or what became of the pair remains undisclosed.

# LOSSES ARE HEAVY IN CLARK COUNTY

The County Agent of Clark county announces that fully 5,000 hogs have died in that county as result of the ravages of cholera during the present year.

An increased amount of the cholera has occurred in the past few weeks.

# ASSISTING ROSS IN ORGANIZING SHIPPING BOARD

Executive Board Members Will Visit Wilmington Friday Night.

Delegation From Wood County Will Visit Local Association December 14.

To assist Ross county in organizing a shipping association along lines similar to the Fayette County Shipping Association, president of the Fayette Farm Bureau C. C. McCoy; Committee men Frank M. Rothrock, and L. H. Goddard met the executive body of the Ross County Farm Bureau in Chillicothe, Wednesday.

Clinton County's Farm Bureau is also organizing a shipping association and members of the Fayette Farm Bureau executive committee, H. W. Wilson, F. M. Rothrock and L. H. Goddard were in Wilmington, Monday to assist in the work.

The Clinton Bureau has called another meeting for Friday night and these men will again represent the local organization.

It is announced at the Farm Bureau, offices Wednesday that on the 14th of this month a committee of Farm Bureau members from Wood county will visit this city to inspect the work of the Fayette Shipping Association.

In connection with this announcement it was also stated that the Farm Bureau members all over the state are looking to Fayette county in organizing shipping associations.

During November, it was stated, the Fayette Shipping Association shipped 49 floors of hogs, and that the number of farmers using this method of marketing their swine is steadily growing.

# ACCEPTS POSITION

Miss Winona Wilson has returned to Chicago, Ill., after a month's stay with her mother. Miss Wilson is a Washington D. C. high school graduate and completed the business course at Wilberforce University from which place she was sent to Chicago, Ill., to fill the position as head stenographer of the colored Y. M. C. A.

She resigned her position in June, 1920, and established a business of her own and has the distinction of having the first public stenographic office (colored) in Chicago, Ill., at the opening of the national Republican campaign which convened from last week in August to Presidential election in November. She closed her office and accepted the position as stenographer for the colored division of the national Republican campaign.

Miss Wilson will resume her office work on her return.

# GREENFIELD MAN OPENS DEMONSTRATING ROOM

O. F. Long, of Greenfield, district manager of the Devon Oil Shale Products Company of Cincinnati, has taken a room in the Cherry Hotel building on Market Street for the purpose of demonstrating the method of extraction of oil from shale produced by his firm. The demonstration has attracted considerable attention.

# TRUST COMPANIES SHOW BIG GROWTH

Ohio is one of the five states of the Union whose Trust Company resources increased more than \$100,000,000 during the past year, according to "Trust Companies of the United States," just issued by the United States Mortgage & Trust Company, of New York. The total figures for the state showed Trust Company assets of \$798,486,040.12 a gain of \$131,861,800.63 or nearly 20 per cent over 1919. New York State leads with total resources of \$3,602,926,249. Figures for the five states showing the largest increases and gain over the previous year, follow:

Massachusetts, resources, \$997,285,093.24, gain, \$203,228,327.87.  
Illinois, resources, \$1,186,797,731.20, gain, \$159,133,196.05.  
Pennsylvania resources, \$1,589,686,574.86, gain \$145,818,692.39.  
California, resources \$692,451,102.67 gain \$145,242,166.01.  
Ohio, resources, \$798,486,040.12, gain \$131,861,800.63.

The Trust Company resources of the United States increased near 12 percent and aggregate \$12,451,877,583, which is considerably in excess of the total banking strength of the country in 1901.

The total resources of 2241 Trust

Companies reporting reach this year the total of \$12,451,877,583.58, an increase of \$1,301,431,496.05 over the figures of last year, and \$6123,423,555.90 greater than those of five years ago, it is stated.

## Another Royal Suggestion

3-Egg Angel and Sunshine Cakes  
From the NEW ROYAL COOK BOOK

AN Angel cake that fairly melts in your mouth. Instead of eight eggs it can be made with three and the yolks of the eggs can be used for a Royal Sunshine cake.

## Angel Cake

1 cup sugar  
1 1/2 cups flour  
1/2 teaspoon cream of tartar  
3 teaspoons Royal Baking Powder  
1/4 teaspoon salt  
1/2 cup scalded milk  
3 teaspoon almond or vanilla extract  
Whites of 3 eggs

Mix and sift first five ingredients four times. Add milk very slowly, while still hot, beating continually; add vanilla; mix well and fold in whites of eggs beaten until light. Turn into ungreased angel cake tin and bake in very slow oven about 45 minutes. Remove from oven; invert pan and allow to stand until cold. Cover top and sides with either white or chocolate icing.

## Sunshine Cake

3 tablespoons shortening  
1/2 cup sugar  
Yolks of 3 eggs  
1 teaspoon flavoring extract  
1/4 cup milk  
1 1/2 cups flour  
3 teaspoons Royal Baking Powder

Cream shortening; add sugar gradually, and yolks of eggs which have been beaten until thick; add flavoring; sift together flour and baking powder and add alternately, a little at a time, with the milk to first mixture. Bake in greased loaf pan in moderate oven 35 to 45 minutes. Cover with white icing.

WONDERFUL COW  
ON PRISON FARM

"Quaker Maid" is the queen of the big herd of cows on the state prison farm on the Springfield pike, two miles west of London.

According to D. S. Creamer, of the Ohio State Board of Administration, "Quaker Maid" has the following record:

In October she produced 2647 pounds of milk from which was made 102 pounds of butter.

In 167 days she produced 13,963.7 pounds of milk from which was churned 515.95 pounds of butter, and average of 3.989 pounds of butter per day and an average of 78.2 pounds of milk per day.

At the present time the cow is producing 80 pounds of milk per day. The butter alone produced by the cow during a period of 167 days, selling at 60 cents per pound, would bring \$309.60, or approximately \$650. In addition to this the butter milk would be valued at several dollars, so that the cow really produces about \$700 worth of butter and milk during one year.

RAISE OBJECTION  
TO THE LOCATION  
OF "TRADING ALLEY"

Business men on Main street, opposite the courthouse, are raising increased opposition to the conglomeration of horse traders, who, on the last Tuesday in each month, throng the street along the courthouse square and negotiate trades of horses mostly classed as "skates."

For a year or two, or in fact as long as "trade alley" has been in such a prominent part of the city the business men of that part of the city have protested and urged the removal of "trade alley" to some less prominent part of the city, or to abolish it altogether if no other method of dealing with the problem could be found.

SPEAKS TONIGHT  
ON PRODIGAL GIRLS

The evangelistic meeting at the Church of Christ Tuesday evening was characterized by a large attendance, a splendid sermon and great singing. In spite of rain, the house was completely filled. A delegation of more than a dozen was present from Wilmington, and also a small

representation from the church at Pleasant View near Jeffersonville.

The subject of the sermon was "Our Prodigal Mothers." Evangelist Thompson defined a "prodigal" as a spendthrift and a waster. He declared the wasting of money, time and influence in this modern age, pleading for economy and love of family ties and urging that women conserve her talents for the making of better homes and the extending of God's kingdom.

The subject this evening is "Our Prodigal Girls."
